

Duration: 1/2 Day

Key Competencies:

- ✓ What to look AT
- ✓ What to look FOR
- ✓ What to DO if you find a fault

Ladders and Stepladders Inspection

Course Overview

Employers need to ensure ladders are in a safe condition before use, and that regular inspections are carried out by a competent person. This course is designed for any person whose duty it is to inspect and maintain ladders at work.

What's Covered?

Delegates will learn about:

- Current Legislation, Regulations & Guidance
- Roles & Responsibilities of Employers & Employees
- Pre-Use Checks
- Detailed Visual Inspections of Ladders & Stepladders
 - > Inspection Procedure
 - > Carrying Out an Inspection
 - > Frequency of Inspections
 - > Recording Inspections
 - > Advice on Repairs & Disposal Procedures
- Personal Hazards

Assessment

- Theory - 10 Question, Multiple Choice Exam
- Practical - Carrying & Setting Up a Ladder & Stepladder, and Completing a Detailed Visual Inspection.

**** Pre-Requisites ****

- Delegates must hold a valid Ladder Association 'Ladder & Stepladder for Users' qualification to attend this course.

Course Outcomes

On successful completion of the course, delegates will have an understanding of:

- When it's right to inspect a ladder or stepladder
- How to carry out a detailed visual inspection
- How to record the inspection and any faults
- What action to take if faults are identified
- How to accurately record details of ladders and stepladders used within the workplace

Delegates who complete the theory and group exercises will be awarded a LadderCard
